DISCRETIONARY GRANT ALLOCATIONS 2010 – 2011

As a direct consequence of high levels of operational and financial performance by the MQA during 2009 - 2010 financial year, there has been a marked reduction in the financial reserves of the MQA.

These reserves are fully committed to supporting learners that are already registered with the MQA and where relevant employers and/or providers can be assured that they will receive the balance of their grants.

However as a consequence of the reduction in reserves, the MQA is not in a position at present to offer additional discretionary grant funding for the 2010- 2011 financial year.

The MQA has initiated processes with other possible funding partners to source additional funds but until such funds become available employers are encouraged in particular to consider utilising their non levy funds or mandatory fund grants to fund their training needs.

Regards

Thabo Gazi
